73.1 PS

1) Oscar has 120 marbles. $\frac{1}{10}$ of them are red and $\frac{2}{5}$ are green.
The rest are purple.
How many are red?

How many are purple?

2) Which is bigger $4^2 + 4^3$ or 3^4? And by how much?

3) A medicine spoon holds 5ml. How many spoonfuls would be needed to fill up a litre bottle?
